Description

Old Man Winter Cover Siphon

- Safe and Easy to Use
- No Electricity Required
- Extends the life of aboveground pool covers

1. Attach drain tube to the cover pump and place it near the center of the pool cover.
2. Attach the siphon tube to the drain tube and hang it over the pool wall.
3. Squeeze the siphon ball until water begins to flow. When the cover is drained, the water will stop automatically.

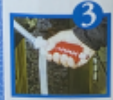

Product Gallery

1
Attach drain tube to the Cover Pump and place it near the center of pool cover.

2
Attach the siphon tube to the drain tube and hang it over pool wall.

3
Prevents the siphon from pulling water back to the pool. When cover is closed, water will keep circulating.
